Dear Families

Today is **World Teachers' Day**. The *Parents and Friends Association* presented the staff with an exquisite morning tea to thank them for their work in teaching and supporting the children and families in their care. At St Kieran's we are blessed to have a staff of teachers and support personnel that give so much of themselves to ensure that the students receive a quality education. Thank you to our teachers and office staff! Below is an excerpt from a letter received today from the *Australian Catholic Primary Principals Association*.

In an increasingly fast-moving society, we sometimes forget to acknowledge our teachers for their tireless hours of work with students which involves teaching a complex curriculum, supporting mental and physical health and doing all of this and more in a world that is becoming very data-driven. This adds to the complexities of teaching students.

Today, teachers interact with students, guide them in making life long connections and sometimes they are often the only witness to the amazing achievements of these young people. Only 10 years ago, when the world of teaching was less data driven, children were supported in everything they did. Now teachers support learning, not always through use of traditional text books but using their capabilities within a curriculum that allows for 21st Century learners to collaborate, problem solve and use critical thinking and creativity.

Many thanks to the P&F mums who prepared the morning tea and cleaned up afterwards.

We welcomed today our 2019 Kindergarten students and their parents for the second transition session. The children are settling in to the classrooms well and they look forward to meeting the Year 5 students who will become their Buddies in 2019 on their next visit on 7 November. Many thanks to the parents who made our new families feel welcome as they join our St Kieran's community.

Congratulations to our Stage 3 Debating Team that competed in their first debate yesterday. While they came a close second, they presented a strong case as to why children should take part in weekend sport. Good luck for the next round.

God bless

Michael Gallagher
Principal

Thank you to all the parents who contributed to the **Tell Them from Me** survey. The data has now been finalised and we will now be spending some time over the next few weeks looking at the valuable information that this survey has provided. I look forward to sharing some of the results of the survey with parents at the P & F Meeting on Monday 19 November.

Student Transport 2019

School student [applications](#) for 2019 open from Monday, 15 October 2018.

Students progressing to Year 3 and Year 7 **do not** need to re-apply **if** they:

- are continuing at the same school
- are residing at the same address
- have not been sent an expiry notification from Transport for NSW.

Where a student meets the new distance eligibility, the system will automatically update their entitlement. If they do not meet the new eligibility, they will receive an expiry notification.

Students who have an entitlement approved under a medical condition which is due to expire will receive a notification advising them to re-apply.

Term Bus Pass holders will receive a notification to re-apply.

If students need to update their information or re-apply, they should go online to

<https://apps.transport.nsw.gov.au/ssts/updateDetails>

Applications need to be submitted before 31 December 2018 to ensure student entitlements are updated and their current entitlement/card is not cancelled. If their application is submitted after 31 December 2018, the system will automatically cancel a card and a new one will need to be issued.

Students in the Opal network applying for a SSTS or Term Bus Pass entitlement for the first time will receive their card at their nominated postal address. Cards will be mailed out during December 2018 and January 2019.

What is Catholic Mission?

Two Scripture passages which help us talk about our Catholic Mission include:

MATTHEW 28:18-20

Then Jesus came near and said to them, "All authority has been given to Me in heaven and on earth. Go, therefore, and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe everything I have commanded you. And remember, I am with you always, to the end of the age. This passage tells us Jesus was entrusted with God's Mission and now he is entrusting the mission to his followers.

JOHN 20:21

Again Jesus said, "Peace be with you! As the Father has sent me, I am sending you."

The Mission modules our children are exploring carry titles such as: 'Living in the way of Jesus', 'Sharing with others like Jesus did', 'Loving God and others like Jesus', 'Reaching out with Jesus', 'A loving Mission of Service' and 'Creating the Kingdom of God by reaching out to the marginalised'.

The key ideas embedded in the children's learning include:

Kingdom of God: Matthew's Gospel shows Jesus working very hard to explain to those listening that he is speaking about both the here and now and the future; that the Reign of God starts here and is completed in heaven: that what we do is inextricably linked with the completion of the Kingdom. In his parables, explanations and action He makes it explicit that the Kingdom is a kingdom of justice and peace. The task for the Christian is to build such a Kingdom here and now and enjoy its fruits in heaven.

Equality in the eyes of God: Jesus showed God's love to all by reaching out in a particular way to those whom society marginalised. Mainstream Judaism in the 1st century spurned those who collaborated, mixed with or benefited from the Romans who occupied the country. For this reason tax collectors and prostitutes were alienated. But others too were excluded from Jewish society: lepers and those with mental disorders. Women, in general, had little status and women who were without a husband had even less. Jesus reached out to all these and called them to share in God's kingdom. The task for us is to identify the marginalised in our society. Identifying the marginalised in our own world is the on-going task of the disciple of Jesus. It can be easy for contemporary Australians to get caught up in humanitarian ventures but ignore the marginalised around us.

Christian Mission: Today's missionaries focus on providing loving services to the poor that might not otherwise be provided: health care, education and community building. In Australia and overseas this will often mean searching for solutions to the long-term effects of dislocation resulting from colonisation in previous centuries. Catholic missions are more involved in extending the Kingdom through action rather than proselytising.

Catholic Agencies: Organisations such as Caritas, Catholic Mission, St Vincent de Paul and Mission Australia carry on work which has been going on for centuries. Today they are doing the work that we in the Western world consider should be done by governments. The focus should be on exposing children particularly to the work of Catholic agencies so that children in Catholic schools know that the mission of the Church is being carried on in very practical ways by the Church.

Catholic Discipleship: Students are called to be disciples of Jesus in their words and actions.
